

English

Text: Harry Potter and the Philosopher's Stone by J.K. Rowling

During English lessons this half term, we will initially look at defeating stories which will allow us to work on our character development. We will then look at recount texts.

Geography

This half term, we will learn about Italy. We will learn about how volcanoes are formed, including the role of tectonic plates (divergent plates, convergent plates and hot spots), the main areas where volcanoes are located (Ring of Fire) and locate these on a map. We will also learn about the different types of volcano: composite, cinder cone and shield.

Computing

Year 4 will be data logging. As part of this unit we will be analysing, evaluating and presenting data and information.

Art/DT

In DT, we will learn all about how slingshot cars are made before making and evaluating our own pavilions.

Year 4 Curriculum Map Summer 2

Values

Our value this half term is resilience, which includes hope, patience and determination

Key dates

Trips/visitors/assemblies-

2nd July - Yr 3/4 Sports Day

Reminders

Beech Class have swimming lessons every Tuesday - please remember your swimming kits.

Science

This half term we will learn all about the environmental impact of pollution and climate change on animals and their habitats.

RE

We will learn about : How and why people try to make the world a better place. We will look at this within many religions.

Maths

Following the White Rose Maths scheme, we will learn about shape, statistics, position and direction. We will also be working hard on our arithmetic skills with particular focus on our times tables ahead of the multiplication checks later in the year.

PE

Beech Class will be swimming on Tuesday afternoons this half term. In school, we will learn about static balance and ball chasing.

Music

This half term, we will be consolidating our learning on recorders.

PSHE

Our topic this half term is changing me. We will focus on changes in life as well as transitions as we come to the end of the year.

French

In French, we will learn how to talk about where we live.
